

Simanye Somdaka

SOFTWARE ENGINEER | BACKEND & CLOUD FOCUSED

simanyesomdaka@gmail.com | +27 73 063 3069 | Philippi, Cape Town, Western Cape, 7784 | South African | [linkedin.com/in/simanye-somdaka](https://www.linkedin.com/in/simanye-somdaka)

SUMMARY

Detail-oriented Software Engineer with strong engineering principles focused on backend and cloud development. Experience in leading teams, system optimization, and creating scalable, secure solutions with expertise in cloud infrastructure design and quality assurance.

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER INTERN

InUversal Group, Cape Town | January 2026 – Present

- Upgraded 50% of core ecosystem microservices from .NET 6 to .NET 10, refactoring package dependencies.
- Reconfigured Azure DevOps build/release pipelines for .NET 10 runtimes, fixing package restoration gates.
- Architected and deployed custom Zenoti service forms, saving the business R80,000 – R100,000 in software overhead.
- Authored data dictionaries and spec documents for CRM tooling, WhatsApp Cloud API, and GA4 setups.
- Researched mobile framework refactoring targets, specializing in Apple HealthKit and Health Connect.

PRODUCT & QA INTERN

Beeline, Cape Town (Remote) | June 2025 – September 2025

- Headed the ADAPT bug prioritization workflow, refining the team Playbook to optimize sprint capacity.
- Served as Support DRI during Agile sprints, accelerating resolution times and reducing escalation queues.
- Built internal workspace databases and operational progress tracking dashboards inside Notion.
- Assisted with automated regression testing scripts for core user journeys to reduce manual testing gates.

SOFTWARE ENGINEERING INTERN

LC Studio, Cape Town | September 2024 – June 2025

- Scaled the frontend development team from a solo engineer to an Agile squad of 8 interns.
- Spearheaded the initial codebase setup and app shell development for a native Flutter Android app.
- Partnered with backend team to implement database views and caching, reducing load times by 30%.
- Provided cloud consultation, evaluating strategies for AWS Lambda, S3, Docker, and Kubernetes.

EDUCATION

DIPLOMA IN ICT: APPLICATIONS DEVELOPMENT

Cape Peninsula University of Technology | January 2025 – Present

CODING COURSE (FULL-STACK)

Life Choices Academy | April 2024 – September 2024

COURSES AND CERTIFICATES

AWS SKILLS CENTER – CLOUD PRACTITIONER: FOUNDATIONS

Amazon Web Services | Issued: November 2024

PYTHON & C++ ESSENTIALS

Cisco Networking Academy | Issued: November 2024

LC STUDIO ACHIEVEMENT – SCRUM & UI/UX

LC Studio | Issued: October 2024

SKILLS

- Backend & APIs: C# .NET 10, ASP.NET Core, Node.js, Python, Java, RESTful APIs, System Architecture, API Security (JWT) |
- Cloud & DevOps: Azure (AKS), Azure DevOps, Kubernetes, AWS (EC2, S3), Docker, CI/CD Pipelines |
- Databases: SQL Server (SSMS), PostgreSQL, MySQL, Database Design, RDBMS |
- Frontend & Mobile: React Native, Expo, Redux, TypeScript, Vue.js, React, Flutter
